Films On Demand Online Video Collection
www.swccd.edu/librarydatabases
Additional information http://swccd.libguides.com/streamingmedia

**Step 1:** Search or browse for video titles from our Articles and Databases page located on the library’s website http://www.swccd.edu/index.aspx?page=2921#ref  Select Films on Demand Streaming Media Collection.

**Step 2:** Each film has chapter clips that can be emailed added to a playlist or linked into your Blackboard or online course or added to a powerpoint presentation.
**Step 3:** You must create an account to create your own custom playlists. Select “Add To” below the thumbnail image of the video on any search or browse result page. Select “Add to Playlist” choose whether to add the specific title or a segment to an existing playlist or you can create a New Playlist.

**Step 4:** The URL links and Embed scripts are specific to every video and segment. They can be copied and inserted into PowerPoint slides or used within a course management system like Blackboard or Canvas. Select Share and then Direct links or Embed Code.

**Step 5:** All segments and videos can be accessed from on-campus. For off campus access currently enrolled students and faculty will be prompted for their WebAdvisor ID and birthdate. Faculty will use their network login username and birthdate.
